

Generating General Consumption Tax Withholding (GCTW) Tax Certificates Online

GCT Withholding Certificates previously generated on TAJ portal will now be generated online (via eServices)!

This is a step-by-step guide that will assist you in generating and uploading GCTW certificates online similar to what currently obtains for the generation of other Withholding Tax Certificates.

Note however that ONLY registered users with eService accounts will have access to this functionality. Also, the ability to upload GCTW certificates is restricted to the user's access level and the account registration.

To obtain an eServices account:

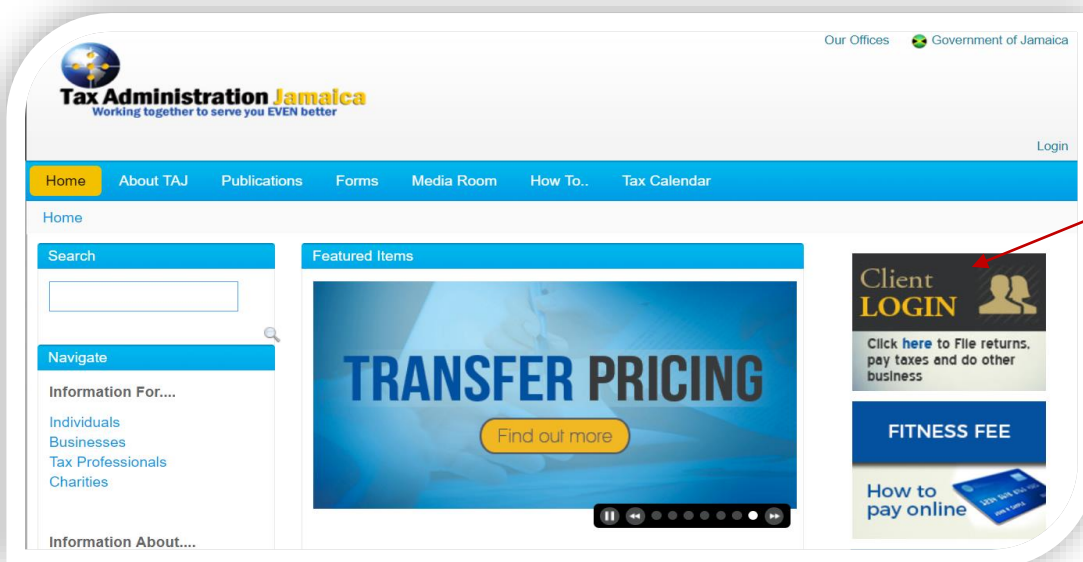

Visit our website at www.jamaicatax.gov.jm to register OR submit a completed 'Electronic Account Registration Form' (available at any of our 29 Tax Offices island-wide). For a step-to-step guide on registering online, see [Apply for an eServices Account](#) on TAJ's website located under the **How To...** tab.

To register for a GCT account:

Login to your eServices account and select the [Register for GCT Account](#) hyperlink located under the **I Want To** tab and follow the instructions thereafter. If this option is not available, kindly contact your eServices administrator to either grant you access or register the account on your behalf.

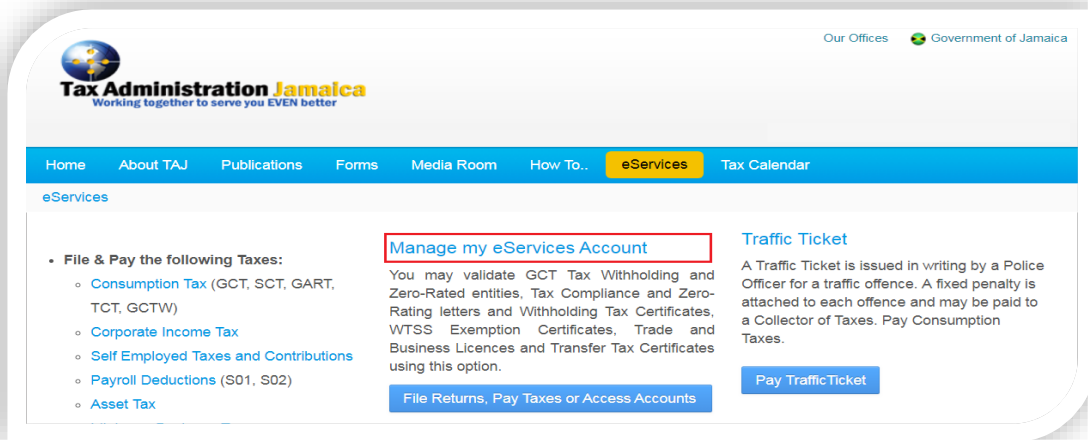

Let's begin

Step 1. Logon to www.jamaicatax.gov.jm.

Select 'here' hyperlink to enter login details.

Step 2. From the **eServices** tab, Select **Manage my eServices Account**.

Step 3. Select the “GCT Withholding” link under the “Accounts” tab.

The screenshot shows the Tax Administration Jamaica eServices portal. The user is logged in as 'Testuser12'. The 'Accounts' section is active, displaying a table of accounts. The 'GCT Withholding' account is highlighted with a red box.

Branch Id	Account Type	Name	Balance

000123456-0000	HEART	TEST USER LTD	\$0.00
000123456-0000	Income Tax	TEST USER LTD	\$0.00

Step 4. Select “Submit WTH Tax Certificate (s) 500 or less records” under the “I Want To” menu.

The screenshot shows the 'I Want To' menu in the Tax Administration Jamaica eServices portal. The option 'Submit WTH Tax Certificate(s) 500 or less records' is highlighted with a red box.

- Cancel Multiple WTH Tax Certs. from the same request
- Make a payment
- Generate Payment Advice / DFTN
- Submit WTH Tax Certificates greater than 500 records
- Submit WTH Tax Certificate(s) 500 or less records**
- Manage payments and returns

The following screen will be displayed for you to choose your method of creating or uploading certificates.

The steps for the [Manual Entry](#) process is as follows:

Step 5. Select “Manual Entry” then click “Next”.

The following step have been provided for the **Excel Upload** process.

For uploading certificates, a Text file template will no longer be required. Instead, you are now required to use an Excel file template. You may access the **Withholding Tax Certificate Upload Template** and **Withholding Tax Certificate Excel Upload Rules** on TAJ's website (www.jamaicatax.gov.jm) by selecting the "Withholding Tax" link located under the **Forms** tab.

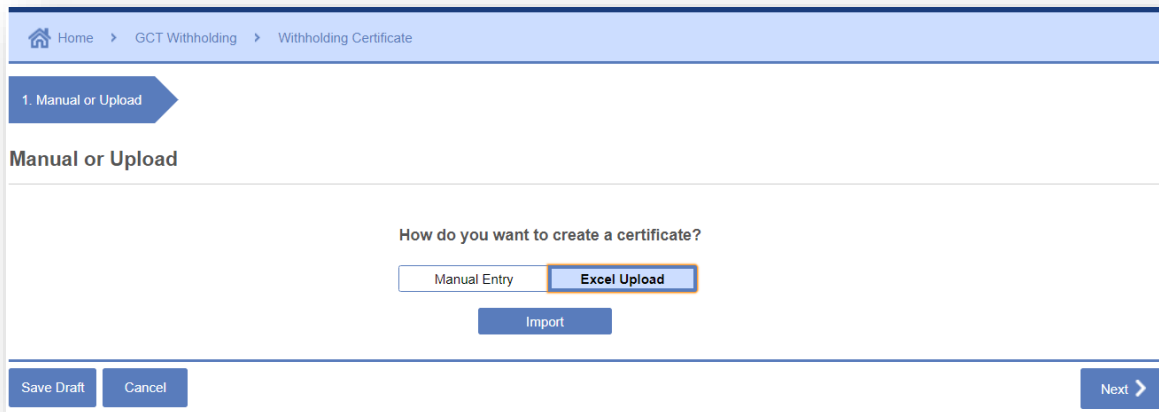

The screenshot shows the Tax Administration Jamaica website. The 'Forms' tab is selected in the top navigation bar. A dropdown menu is visible, listing various tax forms. The 'Withholding Tax' link is highlighted at the bottom of this menu. A red arrow points from a text box below to this link. The text box contains the following text:

Select link to access excel upload template and other Withholding documents. .

Step 1. Repeat Steps 1 to 5 at the beginning of this guide.

Step 2. Select "Excel Upload". Once selected the "Import" button will be displayed.

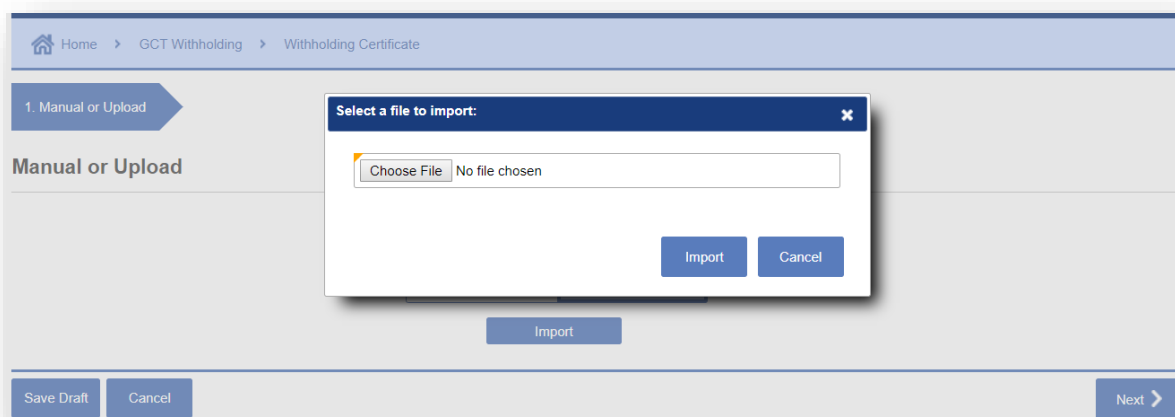

Step 3. Click "Import".

The screenshot shows a web application interface for creating a withholding certificate. At the top, a breadcrumb trail reads: Home > GCT Withholding > Withholding Certificate. Below this, a blue arrow button labeled '1. Manual or Upload' is visible. The main heading is 'Manual or Upload'. The central question is 'How do you want to create a certificate?'. There are two radio buttons: 'Manual Entry' and 'Excel Upload', with the latter being selected and highlighted by a red rectangle. Below the radio buttons is an 'Import' button. At the bottom of the form, there are three buttons: 'Save Draft', 'Cancel', and 'Next >'.

A dialogue box will be displayed for you to choose an Excel file with your certificate details for upload.

Step 4. Click the “Choose File” button.

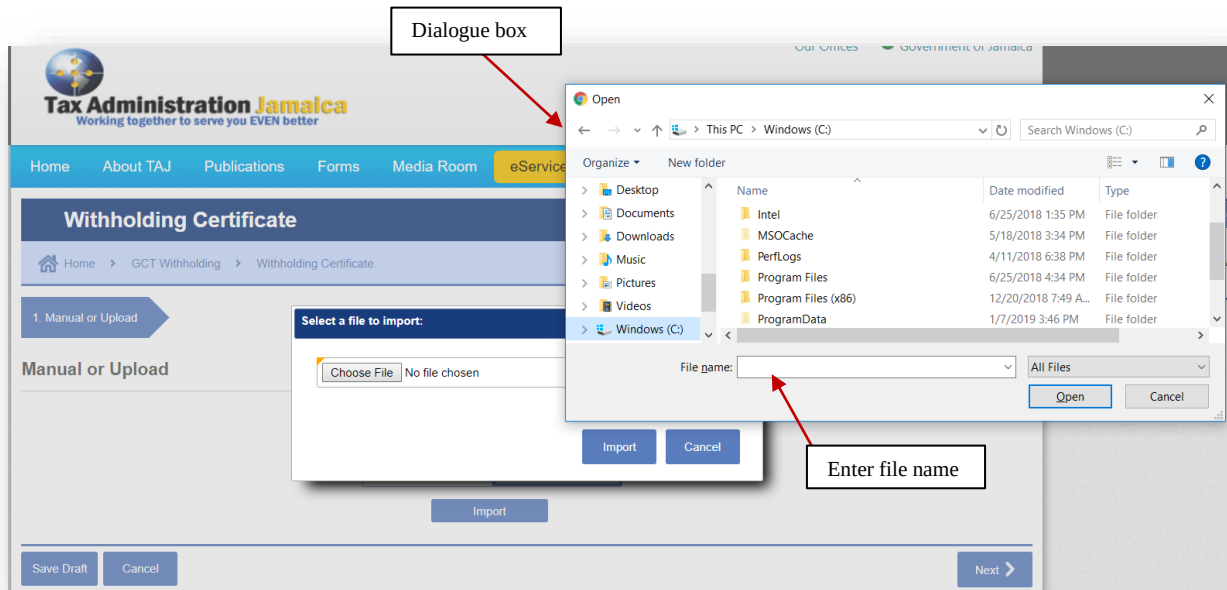

This screenshot shows the same 'Manual or Upload' step as the previous one, but with a modal dialog box open. The dialog box is titled 'Select a file to import:' and contains a 'Choose File' button and the text 'No file chosen'. At the bottom of the dialog are 'Import' and 'Cancel' buttons. The background form is dimmed, showing the 'Manual or Upload' heading and the 'Import' button. The bottom of the form still shows 'Save Draft', 'Cancel', and 'Next >' buttons.

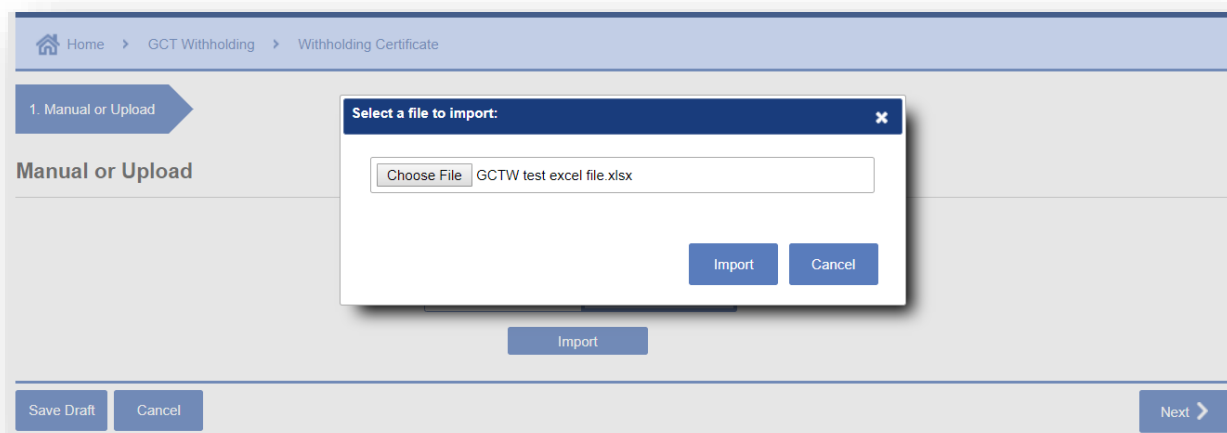

The following dialogue box will be displayed.

Step 5. Enter the file name or navigate to select file for upload.

Step 6. Click “Open” once you have selected the file.

Step 7. Click “Import” after you have selected the file for upload.

You will receive the following confirmation page.

Step 8. Select “Next” to proceed.
